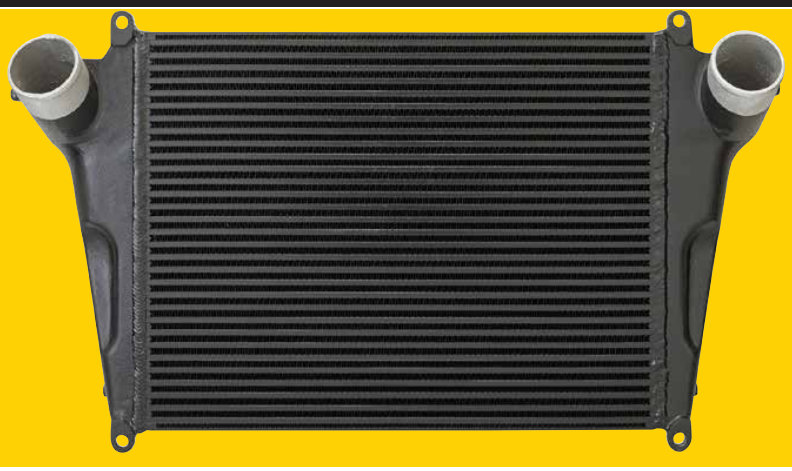
ALLIANCE PARTS

CHARGE AIR COOLERS

REPAIR & REPLACEMENT



FEATURES AND BENEFITS

- Engineered to limit pressure drop and increase heat dissipation for maximum engine power
- Built with premium materials to ensure product quality and durability
- 100% pressure tested to ensure leak-free performance
- Backed by the Alliance 1-year/unlimited-mile warranty
- Precision-engineered cast-aluminum tanks for a hassle-free installation and perfect fit

HIGHLIGHTS

Standard tube & fin CACs are similar to radiators. This type of CAC is the standard construction for most OEM products and is designed to fit the original manufacturers' cooling requirements. Spectra Premium builds two variations of charge air coolers with increased strength and durability.

Grommet-Style Silicon Joints

- Grommet construction style with high-quality silicon seal for a more durable heavy duty part
- Thicker headers and internal rods to maximize strength and provide improved pressure resistance
- Integrated baffles to redistribute the air flow thus relieving stress over tubes
- Manufactured in North America using the highest grade aluminum alloys

Bar and Plate

The bar & plate design consists of fins that are pressed together between aluminum sheets and fitted with header and face bars for more demanding applications.

- Brazed stacks of bars, plates and fins create single solid piece welded on the core
- Precisely engineered cast-aluminum tanks for a perfect fit
- Built with premium grade materials to ensure product quality and durability
- Welded tube design to minimize pressure drop and maximizing heat dissipation in order to achieve maximum engine operating power

ALLIANCE™ PARTS

DRIVING VALUE

With parts and accessories for all makes and models[1], Alliance™ Parts is the smartest choice for value on the road. Readily available, easily affordable and assured in quality, Alliance has everything you need to deliver.

PRODUCT LINES

- Accessories (Chrome)
- Accessories (Stainless Steel)
- Air Conditioning (A/C) Compressors
- Air Assemblies
- Air Brake Compressors
- Air Dryer Cartidges
- Air Hoses
- Air Springs
- Alternators
- Antennas
- Back-Up Alarms
- Batteries
- Bellows
- Belts & Tensioners
- Brake Drums
- Brake Pads
- Brake Shoes & Kits
- Bumper Guards
- Bumpers (Chrome)
- Bumpers (Composite)
- Charge Air Coolers (CACs)
- Clutches
- Coolant
- Diesel Exhaust Fluid (DEF)*
- Diesel Particulate Filters (DPFs)*
- Differentials
- Drivelines
